Photography Workshop

Recommended Clothing and Gear

April in the high desert is what we refer to as the layering month. Mornings can be 30 to 40 degrees and afternoons 70 or more degrees. It's not uncommon to begin the day with a jacket, stocking hat and gloves and by afternoon be down to a lightweight tee or shirt and a brimmed hat. The following is a recommended list of clothing and footwear to ensure your Chaco experience is a comfortable one:

- Warm jacket
- Hat and gloves
- Sweatshirt or sweater
- Long-sleeve tees or shirts
- Jeans or other durable slacks
- Hiking shoes with good gripping soles
- Plenty of sunscreen

Recommended Photography Gear

Lightweight backpack

Equipment:

- Camera (extra body or a point and shoot as backup)
- Lenses
- Digital cards
- Laptop computer
- Card adaptor for downloading compact flash cards
- Portable hard drive (optional backup)
- Extra batteries
- Battery charger
- camera instruction book
- cleaning kit for sensor (digital camera) (optional)
